The BCCI is the largest private sector membership-based organization in Belize. As the voice of the business community, we promote economic vitality and a better quality of life.

The BCCI in an attempt to extend its reach and to better serve those areas of the country removed from the BCCI's hub of activity in Belize City, we entered a strategic partnership with AdamsCon IT and Security Consulting Services Ltd. to be the BCCI's Chapter in the specific and defined geographic areas of Benque Viejo Del Carmen, San Jose Succotz, San Antonio, San Ignacio Town, Santa Elena Town and the Spanish Lookout Community, thereafter defined as the Western Cayo area. The formation of this Chapter is in accordance with our BCCI's Act, Chapter 308, Article VI, Section A, District Chapters.

Ms. Debra and Mr. Grant's background includes extensive hand on IT knowledge and experience of an accumulative 83 years. AdamsCon ensures that businesses receive the best guidance at every level, whether it is at the advisory to top management or as a hands-on coach for front line employees. AdamsCon was founded as part of work with Belize's 2017 National Cyber Security Symposium. They have continued to work with the National Security Council Secretariat, and AdamsCon has grown into a point of contact for businesses, schools, and government organizations that are concerned about cyber security.

The BCCI looks forward to an active engagement with businesses in the Western Cayo area. We invite you to applaud the enthusiasm for AdamsCon to take on this grand step and humbly requests that you give the new Chapter your committed support as we work in partnership for a better economy and life in Belize.
